CONDITIONS IN PACKINGHOUSES
AT CHICAGO SAID TO BE
SIMPLY REVOLTING.

IN INTEREST OF DECENCY

PRESIDENT ROOSEVELT URGES
THE ENACTMENT OF DRAS-
TIC LEGISLATION.

Washington, June 5.—The following message of President Roosevelt concerning conditions in the Chicago stock yards has been sent to congress:

I transmit herewith the report of Mr. James Bronson Reynolds and Commissioner Charles P. Neill, the special commission whom I appointed to investigate into the conditions in the stock yards of Chicago and report thereon to me. This report is of a preliminary nature. I submit it to you now because it shows the urgent need of immediate action by congress in the direction of providing a drastic and thorough going inspection by the federal government of all stock yards and packinghouses and of their products so far as the latter enter into interstate or foreign commerce. The conditions shown by even this short inspection to exist in the Chicago stock yards are simply revolting. It is imperatively necessary in the interest of decency that they should be radically changed. Under the existing law it is wholly impossible to secure satisfactory results.

Showed Defects in the Law.

When my attention was first directed to this matter an investigation was made under the bureau of animal industry of the department of agriculture. When the preliminary statements of this investigation were brought to my attention they showed such defects in the law and such wholly unexpected conditions that I deemed it best to have a further commission investigation by men not connected with the bureau and accordingly appointed Messrs. Reynolds and Neill. It was impossible under the existing law that satisfactory work should be done by the bureau of animal industry.

Before I had received the report of Messrs. Reynolds and Neill I had directed that labels placed upon any package of meat food products should state only that the carcass of the animal from which the meat was taken had been inspected at the time of slaughter. If inspection of meat food products at all stages of preparation is not secured by the passage of legislation recommended I shall feel compelled to order that inspection labels and certificates on canned products shall not be used hereafter.

Uncleanly and Dangerous to Health.

The report shows that the stock yards and packinghouses are not kept even reasonably clean and that the method of handling and preparing food products is uncleanly and dangerous to health. Under existing law the national government has no power to enforce inspection of the many forms of prepared meat food products that are daily going from the packinghouses into interstate commerce. Owing to an inadequate appropriation the department of agriculture is not even able to place inspectors in all establishments desiring them. The present law prohibits the shipment of uninspected meat to foreign countries, but there is no provision forbidding the shipment of uninspected meats in interstate commerce and thus the avenues of interstate commerce are left open to traffic in diseased or spoiled meats. If, as has been alleged on seemingly good authority, further evils exist, such as the improper use of chemicals and dyes, the government lacks power to remedy them. A new law is needed which will enable the inspectors of the general government to inspect and supervise from the hoof to the can the preparation of the meat food product. The evil seems to be much less in the sale of dressed carcasses than in the sale of canned and other prepared products and very much less as regards products sent abroad than as regards these used at home.

Packers Should Pay the Cost.

In my judgment the expense of inspection should be paid by a fee levied on each animal slaughtered. If this is not done the whole purpose of the law can at any time be defeated through an insufficient appropriation and whenever there was no particular public interest in the subject it would be not only easy but natural to make the appropriation insufficient. If it was not for this consideration I should favor the government paying for the inspection.

The alarm expressed in certain

quarters concerning this feature should be allayed by a realization of the fact that in no case under such a law will the cost of inspection exceed 8 cents per head.

I call special attention to the fact that this report is preliminary and that the investigation is still unfinished. It is not yet possible to report on the alleged abuses in the use of deleterious chemical compounds in connection with canning and preserving meat products, nor on the alleged doctoring in this fashion of tainted meat and of products returned to the packers as having grown unsalable or unusable from age or from other reasons. Grave allegations are made in reference to abuses of this nature.

Legislation Is Needed.

Let me repeat that under the present law there is practically no method of stopping these abuses if they should be determined to exist. Legislation is needed to prevent the possibility of all abuses in the future. If no legislation is passed then the excellent results accomplished by the work of this special commission will endure only so long as the memory of the commission's work is fresh and recrudescence of the abuses is absolutely certain.

I urge the immediate enactment into law of provisions which will enable the department of agriculture adequately to inspect the meat and meat food products entering into interstate commerce and to supervise the methods of preparing the same and to prescribe the sanitary conditions under which the work shall be performed.

I therefore recommend to your favorable consideration and urge the enactment of substantially the provisions known as senate amendment No. 29 to the act making appropriations for the department of agriculture for the fiscal year ending June 30, 1907, as passed by the senate, this amendment being commonly known as the Beveridge amendment.

THE COMMISSION'S REPORT.

Meat Products Handled Without Regard to Cleanliness.

Washington, June 5.—The following synopsis of the report of J. B. Reynolds and Commissioner C. P. Neill to the president on conditions in the Chicago stock yards has been submitted to congress by the president:

The report says that two and one-half weeks were spent in the investigation in Chicago, during which "we went through the principal packinghouses in the stock yards district, together with a few of the smaller ones. A day was spent by Mr. Reynolds in New York city in the investigation of its leading slaughter houses." The report says that in many of the rooms where water is used freely the floors are soaked and slimy and the dark and dingy rooms are naturally not kept suitably clean. An absence of cleanliness was found everywhere in the handling of meat being prepared for the various meat food products. The parts that are sent from the cooling room to these departments where various forms of meat products are prepared are handled with no regard whatever for cleanliness. The workers climb over heaps of meat, select the pieces they wish and frequently throw them down upon the dirty floor beside their bench.

Instances of Uncleanliness.

"In a word," the report adds, "we saw meat shoveled from filthy wooden floors, piled on tables rarely washed, pushed from room to room in rotten box carts, in all of which processes it was in the way of gathering dirt, splinters and floor filth. It was always the reply that this meat would afterward be cooked and that this sterilization would prevent any danger from its use. A very considerable portion of the meat so handled is sent out as smoked products and in the form of sausages, which are prepared to be eaten without being cooked. A particularly glaring instance of uncleanliness was found in a room where the best grade of sausage was being prepared for export."

The report says that the radical defect in the inspection system is that it is confined at present by law to passing on the healthfulness of animals at the time of killing, but that the meat that is used in sausage and the various forms of canned products and other prepared meat goes through many processes, in all of which there is possibility of contamination through unsanitary handling and further danger through the use of chemicals. During all these processes there is no government inspection, although these products when sent out bear a label stating that they have been passed upon by government inspectors. The report arraigns the sanitary provisions in the buildings as abominable and says the men and women plunge their unwashed hands into the meat to be converted into food products.

Health of Employees Ignored.

Department superintendents "seem to ignore all considerations except the account book" and proper care of the products and of health and comfort of the employees is impossible and the consumer consequently suffers. Tuberculosis victims expectorate on the spongy wooden floors of the dark workrooms, from which falling scraps

of meat are shoveled up to be later converted into food products. "Even the ordinary decencies of life are completely ignored," says the report in discussing the arrangements for men and women employees. The report says:

"The whole situation as we saw it in these huge establishments tends necessarily and inevitably to the moral degradation of thousands of workers, who are forced to spend their working hours under conditions that are entirely unnecessary and unpardonable and which are a constant menace not only to their own health but to the health of those who use the food products prepared by them."

Fatally Injured by Lightning.

Princeton, Ind., June 5.—A severe electrical storm passed over Southern Indiana late in the afternoon. A barn in which several men were working was struck by lightning and William McAlee and Samuel Armstrong were fatally injured and several other men were badly shocked.

AGAINST THE DRUG TRUST.

President Roosevelt Will Not Delay Proceedings.

Washington, June 5.—President Roosevelt has declined to entertain any proposition looking to further investigation into the methods of the alleged drug trust before the proceedings recently instituted at Indianapolis by the attorney general are pushed. Following interviews with him by representatives of the National Association of Retail Druggists at which Mr. Purdy, assistant attorney general, was present, the president has concluded that he will not interfere, but leave the whole matter in the hands of the department of justice for such further action as the attorney general may see fit to take. It was stated at the department that the investigation has been going on for several months and that the department is entirely satisfied with the evidence which has been secured and that the prosecution would be conducted without delay. In a memorial to the president made public Monday the retailers allege that they have not been given the "square deal." It is asserted that about a year ago when the Loder suit in Philadelphia was under way counsel for the retailers interviewed the United States attorney at Chicago and afforded him every opportunity to investigate the methods of the association, which, they stated, were an open book. It is alleged that the district attorney thereupon stated that no proceeding would be had without a full preliminary hearing. The retailers deny that they were a party in any way to the Loder suit.

REPLY OF PACKERS

CLAIM THAT THEIR PLANTS ARE
CLEAN AND THEIR METHODS
ARE SANITARY.

Chicago, June 5.—Eight of the big packing establishments in Chicago have issued a joint statement replying to the charges made in the Neill-Reynolds report of their investigation of the packing plants and President Roosevelt's message to congress. In this statement the packers declare that their plants are kept clean; their methods of manufacture are sanitary; their products wholesome and that for years doctors, chemists, sanitarians and official investigators from practically every civilized nation on earth, who have made examinations of the manner in which the meat packing plants are conducted, have been entirely satisfied in every instance with the conditions existing in this industry. Despite this fact the packers assert that they stand ready to adopt any practical suggestion in the line of improvements. The packing companies who affixed their signatures to the statement are: Armour & Co., Swift & Co., Nelson Morris & Co., G. H. Hammond company, Omaha Packing company, Anglo-American Provision company, Libby, McNeill & Libby and Schwarzschild & Sulzberger.

ACCUSED OF TAKING \$60,000.

Canadian Pacific Official Released and Rearrested.

New York, June 5.—Charles F. Wenham, the former general passenger agent of the Canadian Pacific Railway company at Chicago, has been discharged from custody after having been a prisoner for several weeks on a charge of forgery, after being once released and rearrested. No sooner was he freed again than he was again arrested at the instance of the Chicago police to answer six indictments recently found against him charging the larceny of \$60,000 belonging to the Canadian Pacific railway.

MINERS BUYING FIREARMS

STRIKERS AT DILLONVALE IN A
TURBULENT MOOD AND PRE-
PARING TO FIGHT.

Steubenville, O., June 5.—While the situation in Jefferson county, O., is most pacific relative to the miners' troubles at Dillonvale, Plum Run and Bradley as well as the other mining towns in the vicinity of which a battle occurred between the striking miners and armed guards early in the morning, the fear is general that the situation will become most acute when the troops that were ordered from Columbus arrive.

At Dillonvale the strikers are in a most turbulent mood. It is reported that they and their sympathizers during the day made large purchases of rifles, revolvers and ammunition.

Every attempt is being made by the leaders of the mine workers to hold the men in check, but the failure to pay strike benefits, coupled with their straitened circumstances and the outbreak of the morning have had the effect of inciting the foreign element to desperate measures.

Deputy Sheriff Murray, who is stationed at the Bradley mine, telephoned to Sheriff Vorhees saying that the miners threatened to "clean out" the guards before the troops arrive and that he was expecting trouble at any minute.

Guards Are Entrenched.

The guards of the United States Coal company, who were involved in the outbreak, are entrenched near Crow Hollow and persons living in the vicinity, fearfully expectant of trouble, are keeping to their homes.

While various estimates have been made of the casualties, it is impossible to verify any reports of deaths, although it is known that ten or more were hurt. The coal company denies that any guards were killed, but refuses to give out the names of the injured. It is known that one of the wounded guards who fell into the hands of the strikers was taken to Smithfield as a prisoner.

The clash was the direct outgrowth of the alleged abuse by the United States Coal company's guards of an Italian union miner from Pittsburg on Sunday afternoon.

Early in the morning sixty-eight of the company's guards started to march across the hills from Plum Run to the Bradley mine, and at Crow Hollow were ambushed by a force of 200 to 300 strikers. In the battle that ensued several hundred shots were fired, but the strikers' aim was bad, which accounts for the few casualties. The guards were forced after twenty minutes of fighting to retire in disorder to Plum Run.

ANOTHER YELLOW DOG FUND.

Its Existence Revealed by a Former President of the Mutual.

New York, June 5.—The Times says through testimony which Dr. Walter R. Gillette, formerly president of the Mutual Life Insurance company, gave before the special grand jury, an important "yellow dog" fund has come to light in the Mutual Life, of which no trace was ever found either by the Armstrong investigators or by the Truesdale committee, which has had fifty accountants at work on the Mutual's books for seven months. Incidentally Dr. Gillette had refunded to the Mutual about \$10,000 which remained out of the fund in his hands from the time of his resignation last March.

Of the purposes of this particular "yellow dog" fund, little is known except to the grand jury.

COBURN IS APPOINTED.

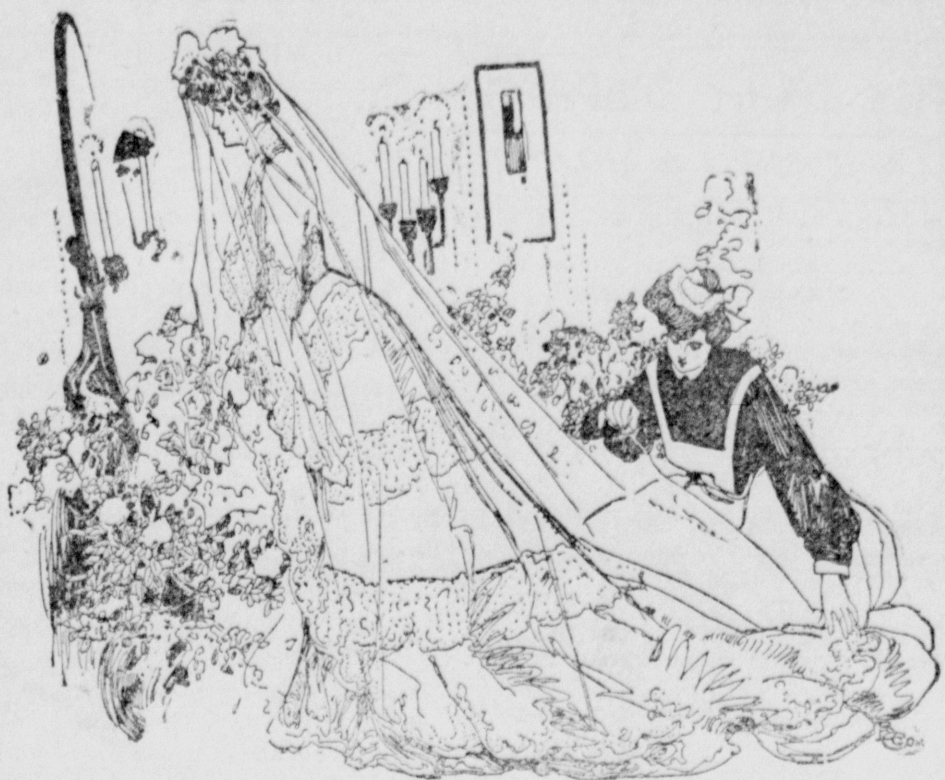

Noted Agriculturist to Succeed Senator Burton.

Topeka, Kan., June 5.—Foster Dwight Coburn, the widely known agriculturist, has been appointed United States senator by Governor E. W. Hoch to succeed J. Ralph Burton, who has resigned. Mr. Coburn has not definitely accepted the appointment. Mr. Coburn was not a candidate for the appointment, nor has he been a candidate for the election to the senate seat to be filled by the legislature next year. Mr. Coburn was born in Jefferson county, Wis., in 1846.

Earthquake in San Francisco.

San Francisco, June 5.—An earthquake shock was felt here and in Oakland at 11:50 p. m. It was of short duration. No damage has been reported.

ELECTIONS IN OREGON.

Governor Chamberlain Appears to
Have Been Re-Elected.

Portland, Ore., June 5.—There are indications that Governor George E. Chamberlain, Dem., is re-elected over James Wythecombe, Rep. Jonathan Bourne, Jr., Rep., appears to be fairly certain of receiving the popular nomination for United States senator over John M. Gearin, Dem., the present incumbent. In the congressional race both the Republican candidates are slightly in the lead.

at White Sand Lake

APPARENTLY NO PROVOCATION

She Refused to Let Teams Drive
Through Field and one of
Men Shot Twice

What was, according to the story of Mr. and Mrs. Spies, of White Sand lake, a deliberately and provoked attempt to murder that lady, occurred Sunday. Two teams loaded with men and women en route to Butte, Montana, drove into Spies enclosure and wanted to drive through. Mrs. Spies refused permission and one of the men suggested cutting down the fence. Mrs. Spies remonstrated and a woman in one of the wagons handed one of the men who gave his name as Henry Provost, a revolver and told him to "do a good job". He proceeded to take two shots at Mrs. Spies, one of which passed through her clothes. The party then drove off. Mr. Spies got a warrant and Sheriff Erickson overhauled the party at Motley and brought Provost back with him. He was arraigned Monday and plead not guilty and was returned to jail to await hearing tomorrow morning.

CATARRH FROM CHILDHOOD

Cured by Hyomei, the Only Medicine for Catarrh that H. P. Dunn & Co. are Willing to Guarantee.

The popularity and growth of Hyomei are unique in the annals of medicine. The demand for the Hyomei outfit and the extra bottles in Brainerd has been something phenomenal, and H. P. Dunn & Co. say that they have never sold any other remedy which gave such universal satisfaction and made so many remarkable cures.

The worst and most chronic cases of catarrh readily yield to the use of Hyomei. People who have suffered from childhood have been cured by this remedy. J. S. Nugent, treasurer of the American Union Insurance Co., New York, writes: "Hyomei has completely cured my daughter of catarrh, from which she had been suffering for years."

So many remarkable results have attended the use of Hyomei amongst the customers of H. P. Dunn & Co., that they feel justified in using the strongest possible language in speaking of its virtues, and when you read that they sell it under an absolute guarantee to refund the money if it does not cure, you will see that they fully believe in its curative powers. A complete outfit costs only one dollar, extra bottles 50 cents.

CONTRACT LET FOR CEMENT CURBING

Everett & La Blanc are Awarded Contract for Cement Curb and Gutter for Streets

CITY TREASURER'S REPORT

Financial Statement for 6 Months Ending May 1 is Presented and Referred

The most important business transacted by city fathers Monday evening was the letting to Everett & LeBlanc of the contract for the cement curbing and gutter to be used in improving Broadway and Kingwood as ordered at the last meeting of the city council. Their bid was for 54 1/2 cents a foot and amounted to a total of \$1946.50. The bid of Frank Theinins amounted to \$2072.00, and that of J. P. Hayes to \$2086.00. The contract was let on a vote of 7 to 3, Aldermen Halladay, Squires, Peterson, Opsahl, Baker and Farrar voting aye and Aldermen Gardner, Armstrong and Twohey voting nay.

When the president called the council to order all aldermen were present except Armstrong and Baker and they came in a few minutes later.

The reports of the city clerk and chief of police showed 13 arrests and \$138 in fines collected in May.

The usual monthly pay rolls were allowed, as were a large number of bills that were properly vouched for. One or two small bills were referred back for proper O. K. A bill was presented from George Hayes for \$2,150.00 for the rent of the haymarket for the past ten years and was referred to the finance committee and the city attorney.

The committee to whom was referred the question of the rate for power to the Mahlum Lumber company, reported that a test showed the lumber company to be using 40 horse power and Mahlum had requested time to respect the machines in the hopes to reduce the amount of power required. The committee was granted further time.

City Engineer Woolman reported that there were three catch basins to be put in and 750 feet of tile drainage, in connection with the street paving and it was necessary that the work be done at once in order not to interfere with the laying of curbing and paving. The matter was left to the water committee and city engineer with power to act. Mr. Woolman also reported that 300 feet of water main would have to be lowered all the way from nothing to two feet and the matter was left in the hands of the water committee and city engineer with power to act.

The matter of a temporary catch basin at the corner of Fifth and Kingwood was re-referred to the street committee, the filling of the street at that point necessitating a change of plans.

Alderman Peterson reported that there was need of a settling basin at the head of the main sewer, that could be cleaned out when filled with sand. Referred to the sewer committee with power to act.

The police committee was authorized to employ a pound master at a salary of \$30 a month, to serve during the pleasure of the city council.

A resolution was passed authorizing the paving the alley in block 43.

A resolution was passed ordering the following side walks:

Six foot cement walk was ordered in front of the following properties in the town of Brainerd: Lots 4, 5 and 6, block 41; lots 9 to 18, inclusive, block 42; lots 1 to 10, inclusive, block 103; lots 5 to 10 inclusive, block 125; lots 13 to 17, inclusive, block 127; lots 4 to 12 inclusive, block 130; lots 13, 14 and 15, block 185. Also in the First Addition to the town of Brainerd as follows: lots 13 to

16 inclusive, in block 133; lots 4, 5 and 6, block 157, town of Brainerd; lots 22, 23 and 24, block 187; lots 8 and 9, block 219; lots 3 to 12 inclusive, block 271; lots 8 to 12, block 285. Eight foot walk was ordered in front of lots 17 and 18, block 69. Also ten foot cement walks as follows: north 100 feet of the east side of lot 7 in block 47 and lots 1 and 2 and 5 to 9 inclusive, also on east side of lot 1, block 167.

A resolution was passed to construct lateral sewer in Division "K", comprising blocks 38, 39, 80 and 98, all in block 82 except lots 9 to 12, west half block 96 and all block 142 except lots 7 to 12.

Ole Lundmark asked for an extension of time for veneering the store building moved onto Front street last fall, which was not granted.

CLASS OF 1906 IS GRADUATED

Despite the Rain the Opera House Was Crowded at Commencement Exercises

THE PROGRAM WAS VERY FINE

Supt. Race, of Redwood County, Delivers Excellent Address To the Pupils

The good weather was far from favorable to the class of 1906 in the matter of a commencement evening, but it would take more than a little rain to keep the inhabitants of the average American town from turning out to see the high school commencement exercises. When the members of the class took their places on the stage the opera house was well filled and a number came in later.

The exercises opened with a piano duet, "Il Trovatore" played by Misses Nettie Agel and Katherine Wolvert. It was well played and elicited a goodly amount of applause.

The welcome in behalf of the class was delivered by William Henry McGinnis. It was well worded and splendidly delivered, every word being distinct and the gestures natural and well placed.

Then came a song, "The Daffodils" which was rendered by Misses Hannahway, Hall, McGinnis, Quinn, Reilly and Witham. It also drew hearty applause which was well merited. On an encore they sang a medley of nursery rhymes.

The class prophecy by Miss Ruth Parker showed an originality of conception, a fertility of imagination and a command of language that would indicate that her prophecy of her own future as an author was founded not only in ambition but in an instructive knowledge of her own powers. It would have been hard to improve on her delivery. Her glimpse into the future was gained through telepathy or thought transfer with a satyr which she met in the wilds of the northern woods. The futures that she ascribed to her classmates showed a keen study of their characteristics and a strong sense of humor. It was strictly up-to-date in that out of sixteen young ladies in the class she condemned only one to the life of a wife and mother.

"A Meadow Song," rendered by Misses Cain, Crawford, Graham, Hessel, Lyddon and Olson was received with hearty applause.

The Valedictory was delivered by Miss Katherine Elizabeth Laurie and was well received by the audience, receiving hearty applause.

The high school semi-chorus sang, "List! The Trumpet's Thrilling Sound," and "The Beautiful Blue Danube," in a manner that won the audience and proved the painstaking and effective work of Mrs. Dial, the supervisor of music.

Supt. S. J. Race, of Redwood Falls, was introduced and spoke on "The Promise of the Twentieth Century." He took strong optimistic grounds and believed that the United States would go on and on in wisdom and strength. He paid high tribute to all nationalities going to make up our civilization the highest the world had ever known and believed that their blending gave the most perfect national character possible.

The diplomas were presented to the members of the class by Prof. Hartley, after which the audience was dismissed.

The roster of the class is as follows: William Henry McGinnis, president; Laura May Donaldson, vice president; Ruth Esther Parker, secretary; Bessie Cecelia Murphy, treasurer; Nettie May Angel, Benjamin Earl Arnold, George

Remains of Late John N. Nevers Are Expected in This City Tomorrow Afternoon

TO BE GIVEN MASONIC BURIAL

It is Expected Funeral will at 3:00 p. m. from the Congregational Church

Owing to inability to communicate by telephone with Mrs. Nevers, Mr. Bell or Mr. Lum, there are yet some uncertainties as the details of the arrangements for the funeral of Mr. Nevers. A letter was received this morning by Mr. Keene, from Mr. Lum, stating that they would arrive with the body at 1:30 tomorrow, Wednesday, afternoon. The letter also requested a Masonic funeral which will be accordingly arranged for. It is expected, if agreeable to the wishes of the family that the remains will lie in state in the Masonic Lodge room from their arrival until the time of the funeral. That will take place Thursday afternoon, probably at 3:00 and will be from the Congregational church, Rev. E. A. Allen officiating.

A committee from each of the Masonic bodies to which he belonged will be appointed to meet the party at the train and escort the body to the hall. It is also expected that there will be a large turnout of Masons from Brainerd and surrounding towns at the funeral.

Further announcement of details will be made tomorrow.

DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine for women, all the ingredients of which are printed upon its wrapper and have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicine are made, and don't forget that no other medicines put up for sale through druggists for domestic use can show any such professional endorsement. This, of itself, is of far more weight and importance than any amount of non-professional testimonials.

The "Favorite Prescription" cures all women's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and dragging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questionings and personal "examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. It is sent post paid, on receipt of sufficient in one-cent stamps to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce, as above.

AFTER LONG ILLNESS

SENATOR ARTHUR P. GORMAN OF MARYLAND PASSES AWAY IN WASHINGTON.

END CAME RATHER SUDDENLY

NOTED DEMOCRAT APPEARED TO BE IMPROVING UNTIL JUST BEFORE HE DIED.

Washington, June 5.—Arthur P. Gorman, United States senator from Maryland, died suddenly at his residence here. While Senator Gorman had been ill for many months he had shown some improvement lately. Heart trouble was the immediate cause of death.

Up to the moment of death Senator Gorman was conscious. His condition during the week had been so much improved that there was hopes of shortly taking him to the country. He partook of some nourishment at 5 o'clock in the morning, but at 9 he was seized with a heart attack and died in five minutes. At the bedside were Mrs. Gorman, Miss Ada Gorman, the senator's daughter, and a nurse. When the attack came physicians were sent for, but the senator was dead before they arrived.

Senator Gorman long had been a notable figure in the national congress. He first took his seat in 1881 and served continuously for eighteen years and nearly all of that time he was the leader of his party in the senate. Winning early a

Reputation for Sagacity and the keenest judgment in congressional affairs he attained prominence, not only as a leader in the senate but in the country at large, and by many men was considered the most available man in his party for the presidency. He was chairman of the executive committee and managed the campaign that resulted in the election of Cleveland in 1884.

The most notable contest of his congressional career was when he led the senate minority in 1890-1 and defeated the federal elections bill, which was so obnoxious to the South.

When the Democrats had control of the senate Gorman was the recognized leader. It was at that time that the tariff bill of 1894 was passed. He had so much to do with shaping that measure that his name is often given to it. It was during Cleveland's last administration that a break occurred between the Democratic president and the leader of the party in the senate. In a speech which always will be remembered by those who heard it Senator Gorman severely arraigned the president. To this opposition the defeat of Senator Gorman a few years later is attributed, although his party lost Maryland in the silver campaigns. As soon as the Democrats regained control of the state he was at once re-elected to the senate.

PEACE REIGNS IN THE HOUSE

Minority Leader Williams Calls Off Forces of Opposition.

Washington, June 5.—Peace has spread its pinions over the house of representatives, the leader of the minority, Mr. John Sharp Williams (Miss.), being willing to call off the forces of opposition now that the report of the conferees has been made on the statehood bill.

On account of it being suspension day a number of bills both of local and national interest were passed with little or no debate. The house being officially notified by the senate of the death of Senator Gorman of Maryland, Mr. Taibot (Md.) presented resolutions of condolence and after the appointment of representatives to attend the funeral services, the house, as a further mark of respect to the late senator from Maryland, adjourned for the day.

During the passage of bills under suspension of the rule the message of the president relating to conditions in the packinghouses was read and referred to the committee on agriculture.

RESULT OF EATING PICKLES.

Young Man and a Girl Die of Poisoning in Nebraska.

Broken Bow, Neb., June 5.—Howard Athey, aged twenty-six, and a girl of eighteen years, named Zwick, living in the Middle Loup settlement near here, died in convulsions after a few hours' illness. Three doctors who were summoned attribute the deaths to food poisoning as a result of eating pickles. The liquid in which the pickles were preserved has been sent to Omaha for analysis.

Tries to End His Life.

Minneapolis, June 5.—A. B. Mallen was taken to the city hospital at midnight suffering from a bullet wound in his right breast. The right lung is pierced and it is feared that he cannot recover. He is supposed to have attempted to commit suicide after a quarrel with his wife, whom he left a week ago.

Troops and Tribesmen Clash.

Batum, June 5.—In an encounter in the suburbs of this city between troops and a band of Obkhotsi, a Georgia tribe, the Obkhotsi lost eleven killed. Several soldiers were killed.

RECOVERING ITS COMPOSURE.

Populace of Spanish Capital Getting Over Effects of Tragedy.

Madrid, June 5.—The populace of the Spanish capital is gradually recovering its composure, and the programme of wedding festivities is being carried out, although the nerve-racking tragedy of May 31 is likely to leave a lasting impression on the royal family as well as on the people here. The principal event of the day was the military review at Carabanchel camp, at which King Alfonso and Queen Victoria were present. The Madras regiment, which lost several of its officers and privates by the bomb explosion last Thursday, occupied the post of honor and was enthusiastically applauded. About 15,000 soldiers and sailors participated in the review.

The military review was followed by a musical competition in the afternoon and a gala ball at night at the palace of the Duchess Fernan Nunez, which was attended by the members of the Spanish royal family and the visiting princes and envoys.

EFFECT A JUNCTION.

Rebel Armies Invading Guatemala Join Forces.

Mexico City, June 5.—The latest news from the Guatemalan revolution is that General Leon Castillo and his forces have effected a junction with General Toledo, making the total invading force 3,000 well armed men. Some revolutionists have come from below to Acapulco, which is a Salvo-dorean port, and will push on to join the main invading column.

News from Guatemala city shows that President Cabello is redoubling his efforts for personal safety and goes out now never without a strong guard.

Bertha Claiche Sentenced.

New York, June 5.—Bertha Claiche, who pleaded guilty to manslaughter in the first degree for the murder of Emil Gerdron, was sentenced to not less than two years and two months nor more than five years' imprisonment by Judge Davis. The maximum penalty for the crime is twenty years.

Knights of Columbus Meet.

New Haven, Conn., June 3.—The arrival of Cardinal Gibbons of Baltimore and the formal welcome to the city of the national delegates given at City Hall by Mayor Studley were the chief happenings of the first day of the annual convention of the Knights of Columbus.

Two Killed by Lightning.

Laurens, S. C., June 5.—N. Y. Manley, aged sixty-five, and his ten-year-old grandson, Joe Manley, were instantly killed, and Henry Manley, the little boy's father, was fatally injured by the same stroke of lightning at Poplar Springs church.

KAUFMANN FOR GOVERNOR.

Social Democrats of Wisconsin Name State Ticket.

Milwaukee, June 4.—The Social Democrats of Wisconsin in state convention here nominated the following ticket and adjourned:

For governor, William Kaufmann, Kenosha; state secretary, Charles V. Schmidt, Milwaukee; treasurer, Joseph Amman, Thiel; attorney general, Richard Elsner, Milwaukee; insurance commissioner, H. W. Bistorius, Milwaukee.

The platform among other things favors the amendment of the Constitution of the United States, "so as to abolish the United States senate, which is a bulwark of capitalism and trustocracy—the general referendum of all the people to take its place as a check, under proper provisions. Furthermore, to elect the United States judges by the people of their respective districts, for terms not to exceed six years—instead of having them appointed by the president—in order to make an end of government by injunction."

"Private monopoly," the document says, "is a curse to the nation." The nationalization of all trusts, the national ownership of the railroads, telegraphs, telephones, express companies and steamship lines are favored.
